

DECISION

**THE COMPTROLLER GENERAL
OF THE UNITED STATES**
WASHINGTON, D. C. 20548

FILE: B-185861

DATE: March 1, 1976

MATTER OF: Swiss Controls Inc.

60579

98544

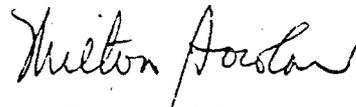

DIGEST:

Termination of contract for convenience of Government is matter of contract administration for consideration by agency and not our Office.

Swiss Controls Inc. protests the termination by the Defense Supply Agency of contract No. DSA700-76-C-0783. The contract was apparently terminated because the specifications were found to be technically deficient. The contract was terminated for the convenience of the Government, and a new solicitation was issued incorporating revised specifications. Swiss Controls Inc. contends that the contract should not have been terminated as it would have corrected the technical problems at no cost to the Government and as the price of its contract was the lowest price the Government would receive.

The resolution of whether a contract should be terminated for the convenience of the Government and the proper payment due as a result thereof are matters of contract administration and, therefore, beyond the authority of our Office. Columbia Van Lines, Inc.; District Moving and Storage, Inc., 54 Comp. Gen. 955 (1975), 75-1 CPD 295.

Accordingly, we may not consider the protest on its merits.

for 
Paul G. Dembling
General Counsel
